## **BOARD GOVERNANCE POLICY REVIEW**

The Board of Education reviewed GP-4 Board Communications. President Bates shared that although the Board reviewed the policy at their recent retreat, he opened the discussion to any recommended edits. Two Directors raised a question about self-evaluation, and President Bates shared that they did that at the retreat. He also stated any further board self-evaluation would occur at another time. After their review, no edits were recommended by the Board.

## **SALES TAX UPDATE**

President Bates shared that the Board met with the Woodland Park City Council on February 29, 2024, and provided the following highlights from this meeting: increase in payment to the City of 1%, which will be approximately \$32,000; the annual meeting, which took place before COVID will again be held annually and will occur in May; the review to assess verbiage in the IGA will go from a review every five years to three years; and attorneys are working on the final phrasing of the IGA.

## CORE KNOWLEDGE LANGUAGE ARTS CURRICULUM

Superintendent Witt thanked Mrs. Slocum for stepping up and filling in for CAO Kim Moore, who was unable to attend the meeting. He expressed his delight in Mrs. Slocum's taking on this new role and congratulated her, followed by a round of applause.

Incoming Chief Academic Officer Ginger Slocum provided a presentation on the new CKLA curriculum (Addendum A). She highlighted its strengths, emphasizing its role in laying a solid foundation for primary students and enhancing background knowledge, which should translate into higher scores on CMAS. Professional development (PD) training was outlined, starting at the beginning of the year with progress checks in October and ongoing follow-up training throughout the year. After the presentation, Mrs. Slocum took questions from Board Directors. Q & A – Aware of the prior process used to select the current Into Reading language arts curriculum, which involved a committee, what was the process for selecting CKLA? – In early summer, Mrs. Moore ordered different language art curriculum samples, each of which was reviewed for content, depth, and rigor, and she shared it was important it be based on core knowledge for the ability to build background knowledge, which does increase student comprehension skills. Elementary principals discussed this at various meetings. Director Patterson clarified that when she sat on a committee for the math selection, it was a district administration decision, not a board decision. How many years are left with the current curriculum? - Superintendent Witt shared although there is five years left with the current curriculum, CKLA is a stronger program, has a better track record, and better for our students and their achievement. What grades will be using this curriculum? – Grades K-5.

Board Minutes March 20, 2024

## **ELEMENTARY SCHOOLS CONSOLIDATION**

Before the presentation, President Bates shared that declining enrollment has been an ongoing issue. In 2022, Cooperative Strategies conducted a study and presented its findings. This information is available on the district website under the district tab under Facilities Master Planning.

COO Aaron Salt provided a presentation on the plan for the elementary schools consolidation (Addendum B). Mr. Salt shared we are doing our absolute best to keep choice students where they are as well and the district offers a total opportunity transportation to bus students to the school of their choice. After the presentation, Mr. Salt took questions/comments from the Board Directors. Q & A -Attendance/Boundaries clarification – Boundaries of home zone will be changing as most are zoned into Columbine, some will be zoned to Summit; families that are already enrolled will be notified. Questions about notification to Gateway families as well as choice enrollment questions were asked. Superintendent Witt shared we have an enrollment process in place and that is not changing, the default boundary for a new enrollment is changing and will be published shortly. As students are enrolling in their default school and they want to attend a different school, we will continue to honor if there is capacity. Who is the 'we' that decided closure? - We includes the COO, CAO, principals, facilities team, and district leadership. Superintendent Witt explained the two conflating issues - One determination of which would be the better path to accommodate the facilities' concerns; we are not responding to that pressure, we are responding to the pressure of insufficient students to justify three schools. To solve this problem is to reduce the number of schools, not fix one. After a full administrative discussion and analysis of enrollment, the recommendation was made to close Gateway, and Superintendent Witt made the final decision. Cost savings of closing Gateway – approximately \$80-85k, which does not include staffing. Staffing decisions are being finalized and will be presented at the April meeting.

## **BOARD OF EDUCATION DIRECTOR REPORTS**

Secretary Rusterholtz shared he recently visited several schools and is very impressed with the teachers, staff, and principals. He thanked all staff for the amazing job they do.

Director Patterson shared that she and Vice President Kimbrell attend the UPBOCES meeting last night and we are proud and happy to inform that a renewal contract for another year was offered to Ute Pass BOCES Director Marcy Palmer and she has accepted. We are fortunate to have her.

Vice President Kimbrell shared that Marcy Palmer is invested and committed to making the consolidation transition go smoothly since she cares so much about students. Superintendent Witt added a district perspective - that we very much appreciate Marcy Palmer & UPBOCES for the work they have done for us as they have been prompt to work through issues as needed, been great with working with staff challenges, appreciate the level of cooperation and level of work to make sure our students are well served, and glad you extended a contract to Marcy Palmer.

President Bates shared that there is excitement among the coaches about the consolidation of facilities, recognizing the positive impact on students.

Director Barkley shared that Grandparents' Day is tomorrow at Columbine, and the kids will perform and sing. She also asked if Director boundaries will change with the closure of Gateway, Mr. Witt shared the Director boundaries are based off of election precinct populations.
