

RESOLUTION

Opposing House Bill 23-1003 School Mental Health Assessment

Preamble: The Supreme Court has repeatedly held the right of parents to control and direct the education and upbringing of their own child to be a fundamental right protected under the Fourteenth Amendment. This right is deeply rooted in this Nation's history and tradition and implicit in the concept of ordered liberty.

WHEREAS, this Board affirms the Woodland Park Board of Education fully supports the right of parents to be the authority in the education of their children;

WHEREAS, this Board affirms it is the District's belief that it is the parents'/guardians' right and responsibility to direct the upbringing and education of their child(ren);

WHEREAS, this Board highly values and respects the diligent, thoughtful and caring work done by Woodland Park School District staff, particularly by those who provide counseling, mental health support and empathetic relationships to our student population in accordance with the consent of parents;

WHEREAS, the safety and welfare of all children starts in the home and parental involvement is a vital part of student mental and physical health, as well as educational success; and

WHEREAS, HB23-1003 seeks to usurp parental/guardian authority of their minor child(ren) by interposing the state as a surrogate decisionmaker.

NOW, BE IT RESOLVED, we, the Woodland Park Board of Education, do hereby oppose House Bill 23-1003, School Mental Health Assessment and will opt-out of this and any other bill or measure that violates parents' rights.

ADOPTED AND APPROVED this 12th day of April, 2023.

David Rusterholtz, Board President
Woodland Park School District Re-2

(SEAL)

ATTEST

Cassie Kimbrell, Board Secretary
