Student Growth Objective					
Students meeting the Fall Composite Benchmark will meet the Spring Composite Benchmark.					
Students at the Strategic or Intensive Level according to their Fall Composite Score will move up at least one level on their Spring Composite Score going from Strategic to Benchmark OR Intensive to Strategic/Benchmark.					
Baseline Data and Preparedness Groupings (Please include the number of students in each preparedness group. Summarize the information you used to produce these groupings. Provide any additional student data or background information used in setting your objective.)					
According to the Fall DIBELS assessment 10 students meet the composite Benchmark goal, 9 score at the Strategic Level, and 7 at the Intensive Level. On the Fall MAP testing, 8 students met the grade-level expectation, 9 fell slightly below the grade-level expectation, and 9 significantly below the grade-level expectation. (See attached spreadsheet.) Student progress will be monitored and tracked on both Winter MAP testing and Winter DIBELS benchmark testing. Numbers may need to be slightly adjusted to accommodate for students that leave prior to the end of the school year. Any students added after Fall Benchmark Testing will not be added to the SGO.
