

## Parade Rules for Horse Riders

1. If your horse is a kicker, put a bow on its tail (male or female) to tag it!
2. No running horses in the parade area. In other words, no running your horses anywhere before, during, or after the parade.
3. Stay with the group at all times.
4. No candy will be thrown.
5. No riding double.
6. You will have the necessary people and tools to pick up all animal waste before, during, and after the parade. The people and tools will follow behind your horse at all times.
7. **Be very careful of children along the parade route because to them your horse is a big puppy. They might not understand the danger around horse hooves.**

I will abide by the above rules.
