## **EXECUTIVE SUMMARY**

### **Introduction**

The administration of Woodland Park School District Re-2 (WPSD) presents the mid-year Revised Budget for Fiscal Year 2020-2021 for adoption. This budget incorporates the District's strategic vision and strong fiscal health rating while ensuring the ongoing WPSD financial well-being, maintaining quality programs, and its favorable bond rating. All Colorado school districts are required by law to adopt a budget by June 30<sup>th</sup> of each year. The budget serves as an estimate of revenue to be collected and a plan for District expenditures. Additionally, it is a plan that guides decision-making and involves continuous planning and evaluation.

### **Budget Process & Philosophy**

WPSD administration begins the budget development process by analyzing enrollment trends and formulating enrollment projections for the next fiscal year. Concurrently, the District utilizes revenue forecasts from the State of Colorado that are published in November of each year to establish preliminary expenditure allocations for the next fiscal year. Input from building accountability committees, the District Accountability Committee and District budget stakeholders is used with final allocations from the State of Colorado to produce a Proposed Budget in May of each year. The Proposed Budget is presented at a Public Hearing in June and after adoption, is subject to a mid-year revision process in January of the fiscal year.

School administration must constantly update budget information in order to accommodate the needs and priorities of the students, staff, and community. While one budget year is in progress, the next budget year is carefully planned. Research on future budgets includes active involvement in legislative trends, compliance with State mandates and standards, constant awareness of community development, and monitoring of current enrollment trends.

The District budget must be designed with some flexibility. No fund should be without some reserve to allow for unforeseen contingencies. Additionally, an emergency contingency reserve of three percent must be budgeted to comply with TABOR requirements. The Board of Education will maintain a balanced budget while establishing adequate fiscal reserves to meet the operational needs of the District. The fiscal reserves shall be adequate to fund the cash flow needs during the year in addition to funding anticipated liabilities at the end of the fiscal year.

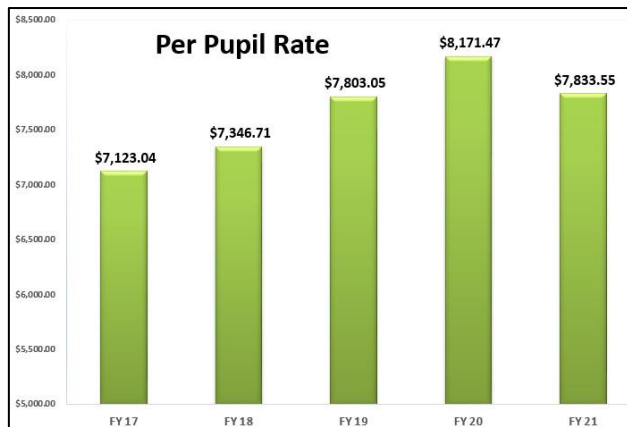

The budget must maintain and improve the educational opportunities provided to the students of Woodland Park School District Re-2. It is a major responsibility of the Board of Education to adopt and appropriate a budget that meets these standards.

## Program Funding Update

The Fiscal Year 2020-2021 Revised Budget reflects a funded pupil count of 2,236.3 students established by the Colorado Public School Finance Act. This includes, for the second year, full count for kindergarteners in the District. Because WPSD Re-2 has experienced a prolonged period of declining enrollment, a 5-year average for funded pupil count is used for the District's program funding. The 2,236.3 pupils represent a 5-year average for fiscal years 2016-2017 through 2020-2021. This figure reflects a funded pupil decrease of 79.7 students from fiscal year 2019-2020.

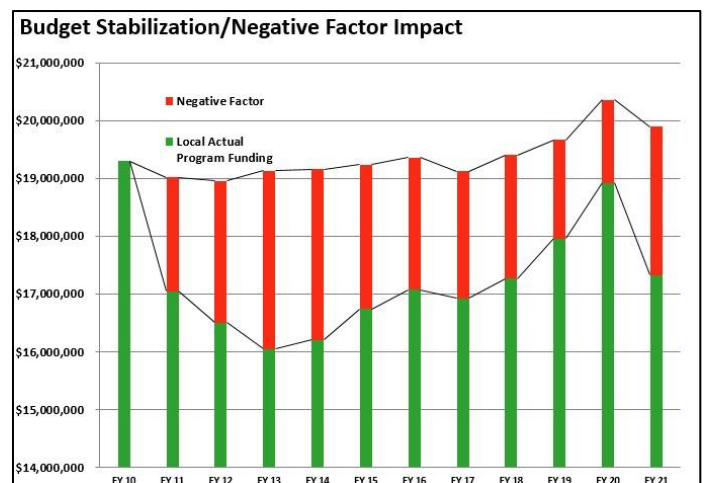

The WPSD program funding is made up of many factors but the primary components of the formula are funded pupils and the per pupil rate.

FY 20 Actual		FY 21 Budgeted		FY 21 Actual	
Head Count	2288	Head Count	2198	Head Count	2056
		vs. FY 20 Actual	-90.0	vs. FY 20 Actual	-232
					-10.1%
FY 20 Actual		FY 21 Budgeted		FY 21 Actual	
Funded Pupil Count	2316.0	Funded Pupil Count	2264.4	Funded Pupil Count	2236.3
		vs. FY 20 Actual	-51.6	vs. FY 20 Actual	-79.7
					-3.4%

WPSD endured a sharp decline in the per pupil rate in fiscal year 2010-2011. Then the rate hit a ten-year low in fiscal year 2012-2013. Though rates rebounded through 2019-2020, the COVID-19 Pandemic and corresponding State of Colorado economic situation triggered a drastic per pupil rate reduction in FY 21. The established rate for 2020-2021 decreases per pupil funding by \$337.92 per student. This funding cut offsets much of the previous year's PPR growth.

While the number of funded pupils and the established per pupil rate are the foundation of the WPSD funding formula, the per-pupil rate is impacted drastically, and has been since 2011, by the Budget Stabilization Factor (aka the Negative Factor). Initiated in FY 2010-11, this factor reduces other existing factors but shall not reduce any base per pupil funding districts receive through the school finance formula. In general, this factor is calculated by first determining the total program prior to application of the Negative Factor. Then the Negative Factor reduces this statewide total program. The difference between the total program amount prior to application of the Negative Factor and the established floor amount is utilized to calculate a percentage reduction, that is then applied to each district's respective total program funding amount. In other words, the Negative Factor reduces the funding allocated for each school district in Colorado. The impact of the Negative Factor on WPSD is illustrated here:

Over the course of 11 fiscal years including 2020-2021, the Budget Stabilization Factor has reduced funding to the Woodland Park School District Re-2 by \$25,289,885.

### **Tax Burden on Citizens**

The District receives the majority of its General Fund revenue from state equalization through the Colorado Public School Finance Act and from property taxes paid by District residents. Additional local property taxes of \$1,100,000 are collected annually from a mill levy override approved by voters in the November 2004 election.

On April 5<sup>th</sup>, 2016 residents of the City of Woodland Park approved a 1.09% sales tax increase effective July 1<sup>st</sup>, 2016 on goods and services purchased in the City to increase local public school funding. The revenues generated from the 1.09% increase are to be used exclusively by the Woodland Park School District Re-2 for educational purposes including, but not limited to:

- Staff compensation
- Facility maintenance and improvements
- Innovative school programs such as environmental education, blended learning, etc.
- Technology replacement and improvements
- Safety & security initiatives
- Post-secondary preparation courses and materials

Additionally, WPSD successfully issued Certificates of Participation (COP) to eliminate its existing *bond debt service* mill levy during FY 2016-2017. This resulted in *approximate* property tax savings in 2017 of \$161 for a \$300,000 residence and \$585 for a \$300,000 commercial property.

Effective January 1<sup>st</sup>, 2018, the residential assessment rate in Colorado dropped from 7.96% to 7.20%. On April 30<sup>th</sup>, 2019, the Colorado General Assembly passed SB19-255 and further reduced the residential assessment rate from 7.20% to 7.15% for property tax years 2019 and beyond. Amendment B, passed by voters in 2020 freezes the 7.15% rate. Considering this change, the projected certified 2020-2021 property tax impact from WPSD on a \$300,000 home is 26.071 mills, which equals \$559. The certified property tax impact from WPSD on a \$300,000 commercial property is 26.071 mills, which equals \$2,268.

**Sales Tax Collection**

WPSD projects sales tax receipts of \$2,405,903 in Fiscal Year 2020-2021. This projection is approximately 2.8% higher than the same 12-month projected collection of \$2,340,192 in Fiscal Year 2019-2020.

**Historical Sales Tax Information**

A look at Sales Tax Revenue from its implementation through April 2020:

**General Fund Revenue Sources**

The funding for the General Fund is a combination of federal, state, local sources and fund reserves. State and local

sources combine to make up 'Program Funding' and accounts for approximately 77% of all District revenues. These sources fund the general operating costs of the District such as payroll, supplies, services and equipment. An increase of property values in the District means more local tax dollars contributing to Program Funding. Conversely, this also results in a reduction in State Equalization. Local sales tax dollars bolstered the General Fund for the first time in FY 2017. WPSD is experiencing revenue reductions in FY 2021 due to a combination of declining enrollment and per pupil funding reductions due to COVID-19 economic disruption.

**General Fund Expenditures**

The Revised Budget includes no compensation increases for FY 2021. However, benefits increases for employee health insurance premiums rose by approximately \$125,000 compared to FY 2020. Issuance of Certificates of Participation in 2016 allowed the District to eliminate its general obligation bond debt service. Repayment of the C.O.P. is subject to annual appropriation and the principal and interest obligations are now budgeted in the General Fund. The District plans to spend down significant portions of General Fund reserves to cover drastic Colorado School Finance reductions due to the COVID-19 Pandemic

The District's long-range forecast indicates that enrollment for WPSD will continue to decline for at least one more year before a temporary plateau. However, it is unknown how the pandemic declines will rebound in FY 22. WPSD will continue to monitor trends in Woodland Park, Teller County and along the Front Range then revise its forecast accordingly.

Assumptions and concerns for future budgets include:

- Impact of the ongoing COVID-19 Pandemic on educational delivery, program offerings, future enrollment figures, staffing levels, student count timing and methods.
- Drastic funding fluctuations and adjustments due to COVID-19 and the State of Colorado economy.
- Irregular expansion and contraction of the Budget Stabilization Factor statewide over a period that spans multiple fiscal years.
- Local sales tax revenue changes.
- Levels of competitive compensation to retain and attract staff members Districtwide.
- Increases in benefits and other insurance premiums as well as utilities outpacing the rate of inflation.
- Continuous monitoring of how to best allocate reserves to meet current and future budget shortfalls.

### **COVID-19 Impact**

On March 10, 2020, the Governor of Colorado declared a state of emergency under section 24- 33.5-704 (4), C.R.S., for responding to the COVID-19 Pandemic and Woodland Park School District ceased in-person learning and operations effective March 16, 2020. This modification lasted through the end of the 2019-2020 school year. WPSD was able to navigate a difficult transition with relative efficiency due to prior planning and a healthy FY 2020 budget in place.

The 2020-2021 budget development process proceeded during the initial stages of the COVID-19 Pandemic. Unprecedented budget development challenges arose during this time. Business Services staff working remotely, drastic and rapid economic contraction, reduced opportunities for stakeholder engagement and a modified State of Colorado legislative session all contributed to an unusual development process. Regardless, budget deadlines were met for FY 2021 and the Adopted WPSD Budget reflects the economic difficulties experienced by many in the spring of 2020 as well as the forecasted prolonged period of economic disruption. Multiple budget development updates were provided to stakeholders via remote meetings and live streaming of the Budget Public Hearing during the spring.

Due to the timing of the pandemic coinciding with the development of the budget, economic impacts will not be truly known or accurately analyzed for many months. WPSD has prioritized the use of General Fund reserves to help navigate economic uncertainty in FY 2021. Additionally, as pandemic-related economic data becomes more readily available, WPSD is engaging stakeholders throughout the 2020-2021 school year to make the necessary adjustments in planning for the 2021-2022 fiscal year and beyond.

While the current Colorado economy has created is dramatically affecting the General Fund, WPSD has received, and will receive more, federal CARES Act funds that are reflected in the Grants Fund. At the school year progresses, guidance for use of these stimulus dollars is regularly being adjusted. However, these monies are designed to directly address the impacts of COVID-19 on WPSD learning delivery and

operations. WPSD is utilizing stimulus funds to address remote learning needs, indoor air quality improvements, personal protective equipment and cleaning supplies among other items. The allocation of these funds is refined regularly as guidance is received from the Colorado Department of Education.

### **Summary**

The Woodland Park School District Re-2 uses the modified accrual basis of accounting. The General Fund reflects fully funded TABOR reserves for all funds. The District anticipates significant spending of reserves in the General Fund for operations. Additionally, the District anticipates spending some of the Food Service Fund reserves as well for capital equipment replacement. The FY 2020-2021 Proposed Budget was delivered to the Board of Education on May 27<sup>th</sup>, 2020 and was presented Budget Public Hearing on June 10<sup>th</sup>, 2020 at 6:00 p.m. at the District Administration boardroom. The budget was initially adopted by the Board of Education on June 24<sup>th</sup>, 2020 and was evaluated for revision until January 31<sup>st</sup>, 2021. WPSD endeavors to maximize revenue and control costs to the best of its ability within the scope of the District Strategic Plan and keeping the best interests of educating the children of this community at the forefront.

## BUDGET BASICS 2020-2021

### THE FUNDS

- General Fund (10)
- Risk Management Fund (18)
- Food Service Fund (21)
- Grants Fund (22)
- Transportation Fund (25)
- Pupil Activity Agency Fund (74/23)

### REVENUE

- Total Program/Program Funding: describes the total amount of money each school district receives under the School Finance Act of 1994 (as amended).
  
- Total Program calculation:
  - =  $(\text{Funded Pupil Count (10/1)} \times \text{Total Per-Pupil Funding} + \text{At-Risk Factor} + \text{On-Line Factor} + \text{ASCENT funding} + \text{Negative Factor})$
  
- Total Per-Pupil Funding calculation:
  - =  $(\text{Base Funding} + \text{Cost of Living Factor} + \text{Personnel Costs Factor} + \text{Size Factor})$
  
- The Factors:
  - Base Funding: Base amount established for each pupil statewide = \$6,951.53 in FY 20
  - Cost of Living: Reflects differences in the costs of housing, goods, and services among districts in Colorado
  - Personnel Costs: Based on enrollment and directs funding for employee salaries and benefits
  - Size Factor: Enrollment-based calculation intended to recognize purchasing power differences among districts. Smaller districts receive greater size factors (increased funding).
  - At-Risk: Based primarily on the eligibility of the student population for participation in the federal free lunch program
  - On-Line: Funded at the District's current per pupil funding amount
  - Budget Stabilization/Negative Factor: Added to stabilize the state budget in FY 11. Reduces the other existing factors other than Base Funding

○ Funding the Total Program:

○ Local Share

▪ Property Tax: = *Mills x Assessed Value*

Revenue generated from mill levy certification. The state sets this mill levy for the General Fund.

▪ Specific Ownership Tax:

Vehicle registration taxes collected by the county and shared with the District that is proportionate with the District's mills certified in Teller County.

○ State Share/State Equalization

▪ Provided to each district by the State of Colorado whose Local Share is insufficient to fully fund its Total Program

○ "What is a mill?"

○ Unit of currency that is 1/1000<sup>th</sup> of a dollar

○ "What is a mill-levy?"

○ The assessed property tax rate used by local governments and other jurisdictions to raise revenue

**OTHER REVENUE** (revenue sources that do not directly affect Program Funding and State Equalization)

● Override Revenues

○ Additional tax revenues (additional mill-levy) approved by local voters

● Sales Tax Revenue

○ 1.09% sales tax implemented the City of Woodland Park July 1, 2016

● Special Education

○ The District receives funding from state and federal sources based on the December Special Ed count (prior year). These funds are used for Special Education and are flowed through the Ute Pass BOCES to the District.

● Transportation

○ Reimbursement of a portion of the previous year's transportation expenditures

● Medicaid

○ Reimbursement of a portion of the previous year's expenditures that addressed the unmet health needs of students

● Other Local Revenue

- Tuition
- Interest Income
- Participation Fees
- Summer School
- Building Use Fees
- Forest Service Allocation

**EXPENDITURES**

Categories: (by Program and Object codes in the Chart of Accounts)

- Instructional
- Special Education
- Co-Curricular
- Student Support Services
- General Administration
- Building Administration
- Business Services
- Operations & Maintenance
- Student Transportation
- Central Support
- Other Support
- Facilities & Sites

Definitions:

- Instructional: Activities dealing directly with the interactions between staff and students
- Special Education: Courses and other provisions which are different from or in addition to those provided in the usual school program and are provided for exceptional pupils by specially qualified personnel
- Co-Curricular: School-sponsored activities or experiences offered outside the scope of the traditional classroom
- Student Support Services: Activities that facilitate and enhance instruction including counseling services, social work, etc.
- General Administration: Activities concerned with establishing and administering policy for operating the school district
- Building/School Administration: Activities concerned with overall administrative responsibility for each individual school
- Business Services: Activities concerned with the fiscal operations of the school district
- Operations & Maintenance: Activities concerned with maintaining the physical plant and keeping District grounds, buildings, and equipment in effective working condition and state of repair
- Student Transportation: Activities concerned with the transportation of students to and from their places of residence and the public schools in which enrolled
- Central Support: Activities which support each of the other instructional and supporting services programs including wellness, marketing and technology services
- Other Support: All other support services including post-employment pay and retirement incentives if offered
- Facilities & Sites: Similar to Maintenance & Operations but specifically concerned with site and building improvements

## **BUDGET CALENDAR**

- **August 25:** County assessor certifies to District the total assessed valuation and the actual value of the taxable property in the district
- **October 1:** Pupil membership count
- **December 10:** Final date county assessor can notify District of changes in assessed valuation
- **December 15:** Board of Education certifies mill-leivies
- **January 31:** Any time prior to this date, the District budget may be reviewed, changed and approved with respect to revenues and expenditures
- **Winter:** Prepare initial draft of revenue and expenditure assumptions
- **Spring:**
  - Refine preliminary budget assumptions and estimates
  - Review District goals in relationship to budget development process
  - Hold work sessions for the community regarding preliminary budget
- **June 1:** Deadline for submission of proposed budget to Board of Education
- **June:** Budget public notice must be published and a public hearing must be held
- **June 30:** Last legal date for final adoption of school district budget and appropriation resolution

Though the budget must be *adopted* in June, the factors used in calculating the Program Funding are not known until the end of the calendar year. Best estimates are used for pupil count, assessed valuation and at-risk factors. Revisions are made to the budget in December or January when a more accurate pupil count and assessed valuation is available.

## **PERTINENT CONSTITUTIONAL PROVISIONS:**

- **Gallagher Amendment (1982):**
  - Impacts how much Colorado homeowners pay in property taxes based on assessed value and the comparison of residential and nonresidential properties. When residential values grow faster than business values, homeowners pay proportionately less.
  - Current assessment rates:
    - Residential: 7.15%
    - Business: 29%
- **Tax Payers Bill of Rights - TABOR (1992):**
  - Restricts revenues for all levels of government.
  - Without voter approval:
    - Governments cannot raise tax rates
    - Governments cannot spend revenues collected if the revenues grow faster than the rate of inflation and population growth
- **Amendment 23 (2000):**
  - Guarantees minimum levels of (base) funding for education
  - Funding must keep up with rate of inflation
  - This included an additional 1% through FY 11
  - Created the State Education Fund
